EXPERIENCE

Junior Software Developer | Infortore Pvt. Ltd

Aug 2025 – Present

- Develop production-ready cross-platform mobile apps (Flutter) and web frontends (React.js) for enterprise logistics and ERP clients.
- Leverage GitHub Copilot, Cursor AI, and ChatGPT to accelerate development speed and code quality.
- Use GitHub for version control and Postman for API testing in a collaborative team environment.
- Built cross-platform enterprise applications for logistics tracking and ERP workflows using Flutter.
- Implemented BLoC state management; integrated REST APIs across all modules.
- Developed reusable responsive dashboard components following clean architecture principles.
- Implemented Excel and PDF report generation, replacing manual data exports for clients.
- Optimized app performance and supported live production deployments.
- Built scalable frontend modules using React.js and Tailwind CSS for regulatory and compliance platforms.
- Revamped legacy UI codebase and refactored components into a reusable modular architecture.
- Integrated REST APIs and implemented real-time dashboard data visualization for KPI tracking.
- Improved frontend performance and stability across multiple production modules.

Python Full Stack Developer Intern | Unique Occassio Tech Pvt. Ltd

Jul 2024 – Jan 2025

- Built full stack web applications using Django (backend) and React.js (frontend) with REST API integration.
- Implemented CRUD operations, user authentication, and MVC architecture for client and academic projects.
- Gained hands-on experience in database design with PostgreSQL and end-to-end deployment workflows.

EDUCATION

Master of Computer Application in Computer Application, Lovely Professional University (LPU)

Present

Diploma in Python Full Stack Development, Luminar Technolab, Kochi, Kerala

2024

SKILLS

Python, JavaScript, Dart, Flutter, React.js, Django, Angular, HTML, CSS, Tailwind CSS, Bootstrap, MySQL, PostgreSQL, SQLite, REST APIs, Postman, Git, GitHub, Cursor AI, GitHub Copilot, ChatGPT, Antigravity
